Germany Gives Total Killed, Wounded and Missing

IN OFFICIAL PUBLICATION

Polish Loss Is Heavy in East Prussia in Hard Fighting

Berlin, Sept. 18. (via London).—An official casualty list published yesterday shows 4,563 names.

Mention is made of the hard fighting evidenced on the part of German Polish regiments in East Prussia. For example, three companies of the fifty-ninth infantry, stationed at Soldau lost 350 casualties. A majority of both regiments are Polish. A battalion of the 130th men—one company alone losing seven officers and 114 men.

A battalion of the one hundred and forty-second infantry of Baden-Baden reported the loss of 10 officers and 249 men. Two battalions of the one hundred and forty-third infantry, stationed at Strassburg, lost 13 officers and 498 men.

Despite these losses the organizations fought on heroically, the official announcement says.

The total of the published German casualties to date are 35,796 killed, wounded, or missing. Since last week the average daily losses are shown by the casualty lists to be 3,200. Among the killed on Sept. 14 was Prince Otto Victor of Schoenburg-Waldenburg, a first lieutenant of the Hussar guards and a brother of the Princess of Wied.

Major-General Nieland was killed while leading his brigade in a street fight in a French city on Aug. 27. Count Kirchbach, commander of the tenth reserve corps, died on Sept. 3. Upon being mortally wounded he gave up his command to General von Eben.

General Hindenburg's progress in East Prussia is described as having progressed to such an extent that a regulation concerning the importation of Russian cattle which are being used for the army is being issued. Experiments made in the manufacture of a new bread composed of rye, flour, and potatoes and starch are declared to have had most satisfactory results.

### Owes His Life to This Lung Remedy

If you neglect a continued cough or cold you are in constant danger of easily contracting serious Lung Trouble. The cough or cold which does not yield to ordinary treatment should be a warning to you and preventive measures should be taken as soon as possible. In many cases Eckman's Alternative, a remedy for Throat and Lung Trouble, has brought permanent recovery. Read this:

Catherine Ave. and Ascut Place, Quebec, Canada, L. I. N. Y. "Gentlemen: In the year 1908 I was taken with a heavy cold and a nasty short cough. I went to several doctors, who gave me a lot of medicine. Finally, I went to a specialist, who gave me creosote that made me sick of all kinds of food; consequently I failed in health. I then went to the Catskills, and seemed to get better, but the cough still kept up. I stayed there for one year, and then went to a farm near Jersey City, a very sick man. About the time of my return, my brother recommended Eckman's Alternative to me very highly. It is now nearly two years since I first took it. I am now well, and I dare say that I would have been buried long ago if it had not been for Eckman's Alternative." (Affidavit) JOSEPH J. TROESCHER. (Above abbreviated; more on request.) Eckman's Alternative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Straborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet, telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists. Price \$1 and \$2 a bottle.

### LASSEN BURSTS THROUGH SIDE.

California Volcano Finds New Vent—Crater Expected to Fill Up.

Mineral, Cal., Sept. 18.—A violent eruption occurred at Lassen peak at 3 o'clock Wednesday, vast quantities of ash-laden steam bursting out of the west side of the mountain some distance below the rim of the summit crater. It is believed the crater will fill up and that future eruptions will occur through the new vent.

### YOUR KIND OF HEADACHE

The headache which in addition to the pain, gives the impression of a tight band about the head, is caused by nervous exhaustion. It is a blessing in disguise because it gives warning that you are over-drawing your supply of nervous energy. Unless you stop the mental fatigue and build up your nerves you will be fortunate if you escape nervous breakdown, some form of paralysis or other severe nervous disorder.

Rest is, of course, desirable but not always sufficient and liable to be deferred. With sufficient rest the nerves will build themselves up. Failing in this, you need something that will build them up and sustain them while they are kept moderately at work. Dr. Williams' Pink Pills are probably unequalled for this purpose. They build up the nerves in the only possible way, by enriching the blood with the elements the nerves need. The treatment is one of nutrition of the nerve cells, requiring a non-alcoholic tonic and Dr. Williams' Pink Pills have proved useful in so many severe cases that every sufferer is justified in giving them a trial for any form of nervous debility. They contain no opiate or harmful drug.

A little book on Nervous Disorders will be sent free on request by the Dr. Williams Medicine Co., Schenectady, N. Y.

All druggists sell Dr. Williams' Pink Pills.

## BUSINESS IS REVIVING

Many Big Western Industries Are Busy Again

### THOUSANDS PUT BACK AT WORK

Is Report from Chicago—Wanamaker Predicts Manufacturing Boom

Chicago, Ill., Sept. 18.—An unexpected revival in business has manifested itself in and around Chicago since Sunday. Reports from industries, diversified in character, show that thousands of men who have been idle for months have been put back to work. Nearly 8,000 men are at work in the Pullman car shops. A thousand more will be in their old places before the end of the week.

The Argo Starch works at Argo, Ill., and the large firms manufacturing bricks, plumbing material, terra cotta building material, paints, lumber and structural iron have taken back workmen. The

working forces of the packers are estimated to have been increased 1,000 in the last few days.

The Central Locomotive and Car works at Chicago Heights is among the big employers that have resumed operations with the usual number of workmen. The American Bridge and Structural Iron works has taken back 2,000 men.

Hart, Schaffner & Marx, Rosenbaum, Cohen & Serf, Stein & Co., F. Sigel & Brothers, and other clothing manufacturers put back to work many of their employees this week.

Morris & Co. yesterday doubled the number of workmen in three departments, oleomargarine, bouillon soups and fertilizer. The reasonable demands for these products made it necessary to employ about 1,000 more men than heretofore.

Prosperity very near.

John Wanamaker Predicts Boom for American Manufacturers Very Soon.

Philadelphia, Sept. 18.—Confidence that prosperity for American manufacturers was very near was expressed yesterday by John Wanamaker, who after a long and careful study of the situation declared he believed that within the next fortnight conditions in this country would take a turn for the better.

"The scaffolding is now up for the new building," said Mr. Wanamaker. "This includes the adjustment of the cotton situation and the easing up of the strain in financial circles. Added to that, this country is taking care of its foreign obligations in the way of bonds, although the rate of exchange is now higher than it is normally, and will probably be reduced. And so everything, I think, points to easier times."

There will be great opportunities for American manufacturers as a result of the European war, Mr. Wanamaker firmly believes.

Limit on alien-owned stocks.

Date to be fixed for stopping delivery on American securities.

London, Sept. 18.—The London stock exchange committee yesterday announced that it shortly will fix a date after which

American stocks in the name of alien enemies will cease to be good for delivery.

The members of the exchange holding such certificates are advised to take steps for their registration.

Stumping in aeroplane.

Boston Man's Plan Is to 'Plane Into Congress.

Boston, Sept. 8.—Campaigning in an aeroplane is one of the latest novelties in political stumping in Massachusetts. A. Platt Andrew, candidate against Congressman Gardner for the Republican nomination for Congress has made arrangements to sail in a Burgess-Wright biplane, piloted by Clifford Webster, from one town to another throughout the district.

Andrew has planned to get an early start from Marblehead on Saturday and fly to Swampscott for his first speech.

From there he will cross Essex county in a series of about twelve "jumps," delivering speeches between flights. The return trip will be by way of Rockport and Salem, arriving at Marblehead about 6:30 in the evening.
